

Annual Meeting 2015 18-19th May

WOODFUEL FROM AGROFORESTRY

#farmwoodlandforum

@OrgResCent

Monday 18th May

1.00pm	Lunch
1.45pm	Introduction (Jo Smith, ORC)
2.00pm	Session 1: general agroforestry
4.00pm	Coffee
4.30pm	Farm tour: agroforestry trials or hedgerow woodfuel trials
6.30pm	Dinner
8.00pm	AGM

Tuesday 19th May

- | | |
|----------------|---|
| 9.00am | Session 2: Woodfuel from agroforestry |
| 11.00am | Coffee |
| 11.30am | Farm tour: agroforestry trials or hedgerow woodfuel trials |
| 1.00pm | Lunch |
| 2.00pm | Visit to Little Hidden Farm |
| 4.00pm | End of meeting |

Session 1

AGROFORESTRY POLICIES IN THE EU

Gerry Lawson, European Agroforestry Federation

AGROFORESTRY IN SCOTLAND AND THE NEW FORESTRY GRANT SCHEME

Mike Strachan, Forestry Commission Scotland

AGROFORESTRY AND THE AFFORESTATION PROGRAMME IN THE REPUBLIC OF IRELAND

Eugene Curran, Forest Service, Department of Agriculture, Food and the Marine, ROI.

QUANTIFYING AGROFORESTRY IN EUROPE WITH A FOCUS ON THE UK

Paul J. Burgess, Cranfield University

AGROFE - DEVELOPING AGROFORESTRY TRAINING IN EUROPE

Stephen Briggs, Abacus Organic Associates Ltd

AGROFORESTRY IN THE CITY

Benjamin Lawson, University of Leeds

Session 2

UNDERSTANDING AND MEASURING IMPACT IN INTERVENTIONS INVOLVING AGROFORESTRY AND BIOENERGY

Prof Steve M Newman, BioDiversity International Ltd Faversham Kent

DOMESTIC FIREWOOD IN WALES: WHERE DOES IT COME FROM AND HOW MUCH ENERGY DOES IT GENERATE?

James Walmsley, Bangor University

THE EVOLUTION OF FOREST OWNER GROUPS IN IRELAND

John Casey, Teagasc

ALLEY COPPICE: AN ALTERNATIVE LAND USE SYSTEM

Rory Lunny, Queens University Belfast

PREDICTING ASH GROWTH IN FARM WOODLANDS

Matt Upton, Cranfield University

MANAGEMENT OF IRISH ASH IN THE LIGHT OF ASH DIEBACK

Ian Short, Teagasc Forestry Development Department,

HOW MUCH ADDITIONAL BIOMASS CARBON DOES IVY (*Hedera helix*) CONTRIBUTE TO WOODLANDS? A PRELIMINARY STUDY.

Ian Grange, Royal Agricultural University

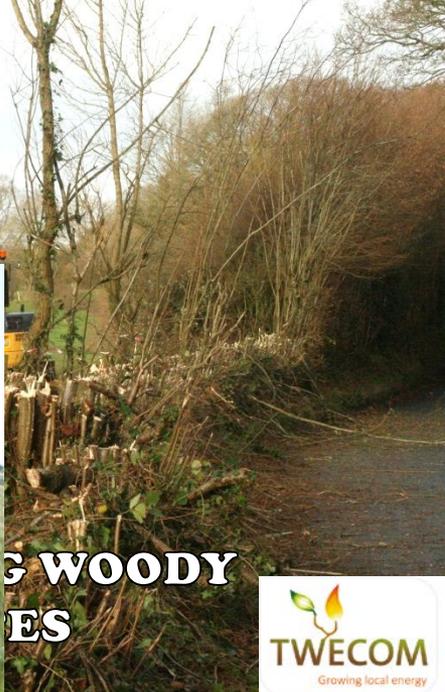

Agroforestry at the Organic Research Centre

Agroforestry at the Organic Research Centre

NEW AGROFORESTRY SYSTEMS

REMOVING WOODY SPECIES

ECOSYSTEM SERVICES IN AGROFORESTRY

IMPROVING AND PROMOTING AGROFORESTRY

REDUCING INPUTS

**TRAINING AND
DISSEMINATION**

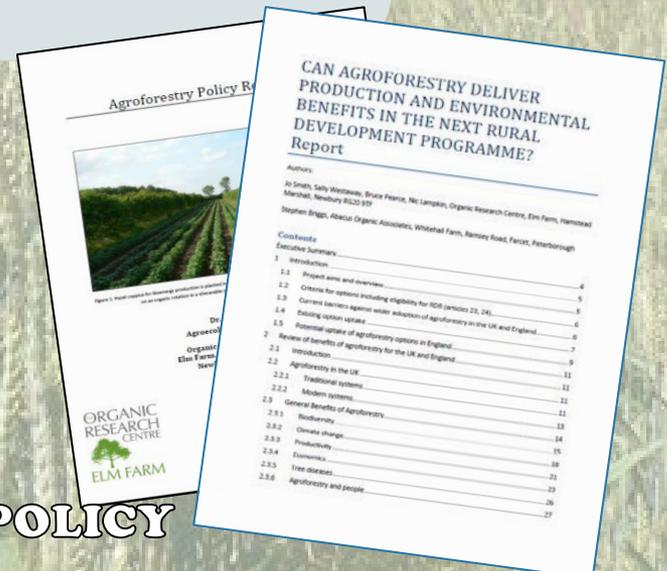

WAKELYNS

Agroforestry at the Organic Research Centre

RESEARCH

POLICY

Agroforestry Policy Review

ORGANIC RESEARCH CENTRE
ELM FARM

CAN AGROFORESTRY DELIVER PRODUCTION AND ENVIRONMENTAL BENEFITS IN THE NEXT RURAL DEVELOPMENT PROGRAMME?
Report

Authors:
Jo Smith, Sally Woodcock, Bruce Pearce, Nic Langston, Organic Research Centre, Elm Farm, Hemstead Marshes, Haverbury RU22 9JF
Stephen Briggs, Abcoca Organic Association, Whitehall Farm, Ramsey Road, Fenner, Peterborough

Contents

Executive Summary

1 Introduction

1.1 Project aims and overview 4

1.2 Criteria for systems including eligibility for ICR (articles 23, 24) 5

1.3 Current barriers against wider adoption of agroforestry in the UK and England 6

1.4 Existing system uptake 6

1.5 National uptake of agroforestry systems in England 7

2 Review of benefits of agroforestry systems in England

2.1 Introduction 9

2.2 Agroforestry in the UK 11

2.2.1 Traditional systems 11

2.2.2 Modern systems 21

2.3 General benefits of Agroforestry 21

2.3.1 Biodiversity 21

2.3.2 Climate change 23

2.3.3 Productivity 24

2.3.4 Economics 25

2.3.5 Tree diversity 25

2.3.6 Agroforestry and people 26

Elm Farm, Berkshire

 Farm Boundary
