

# BDAC soil seminar

Sat 11th - Thu 16th March  
at Abbey Home Farm - GL7 5HF

The Biodynamic Agricultural College offers this seminar to anyone who likes to learn about soil from an organic and biodynamic perspective.

We will get insight from experts and practitioner into soil life, -structure, -chemistry, -forming, humus, fertility. During the course we will visit the land of two farms, organic and biodynamic and practice our soil observation skills.

The main tutors are Richard Gantlett, Joel Williams, Richard Thornton Smith and Kai Lange.

The venue, Abbey Home Farm is a large organic, divers and well established enterprise with focus on close customer relation and education. [www.theorganicfarmshop.co.uk](http://www.theorganicfarmshop.co.uk)

The cost for the seminar is £490 including lunches and accomodation (limited spaces book a.s.a.p.) - seminar cost without accomodation is £300 (breakfast and suppers are self catered at the venue kitchen - bring your own food, organic only! or by in the large organic shop at the venue)
