

ORC Nutrient Budgeting Workshop

For farmers, growers, advisers, certification officers and researchers

**Date: Wednesday 19th February 2014, 10am-5pm at the
Organic Research Centre, Elm Farm, Hamstead Marshall, Newbury RG20 0HR**

REGISTER YOUR INTEREST NOW!

Nutrient budgeting is an important tool to support rotation design, cropping plans, manure management and fertilizer use on organic farms. IOTA/ORC has collated the most up to date nutrient input and output data for organic farming with SAC and has developed the only nutrient budgeting (NB) tool specifically for organic farming.

The workshop will include:

- Provision of the NB Tool for use in your own work
- Training in the use of the NB Tool
- Training in interpretation of the results and using it on farm

For further details, visit www.organicresearchcentre.com or

Email: Sarah Jameson iota@organicresearchcentre.com

Course cost (lunch included):

Reduced price for eligible participants	£ 50 + VAT
Full price for participants not-eligible for funding	£100 + VAT

Reduced price available to English producers and others reliant on agriculture or agricultural products*

To qualify, you will need to:

- Meet the eligibility criteria* (if in doubt, please ask)
- Complete and sign the trainee registration form (in INK)
- Sign the register on the day
- Complete the event evaluation form

* eligible participants includes producers and employees of producer groups, supply chain businesses, direct retailers, small consultancy businesses, but not multiple retailers, government departments, agencies or public bodies including universities.
