## Events Information.

The project is organising two free events this summer for farmers to see and input into the work of this project and others.

### Event A

**30<sup>th</sup> June 2004. 2.00 - 5.00 pm**

**Tour of ongoing cereals trials at  
Sheepdrove Organic Farm,  
Lambourn, Berkshire.**

### Event B

**29<sup>th</sup> July 2004. 2.00 - 5.00 pm**

**An opportunity to visit the  
innovative work being  
undertaken at Wakelyns  
Agroforestry, Fressingfield,  
Suffolk.**

**There is no charge for these events.**

**Cereal varieties for organic production: Developing a participatory approach to seed production and varietal selection.**

**Project Aim: To develop a robust system for identifying, testing, multiplying and marketing cereal varieties, lines, mixtures and populations best suited to organic production in different parts of the country.**

Defra funded project OF0330.

# Meet the team.

The project has six partners. The project is lead by IOR – Elm Farm Research Centre and the work undertaken in collaboration with Middlesex University, the University of Kingston, NIAB, IOR – HDRA and 16 organic farmers around the UK. Here we introduce you to the IOR – EFRC team and tell you a little bit about the farmers.

**Scott Phillips.**  
Project Leader  
Senior Researcher  
01379 586 021  
scott.p@efrc.com

**Kay Hinchsliffe.**  
Research Assistant  
01379 586 021  
kay.h@efrc.com

**Lois Philipps.**  
Farmer Coordinator  
Senior Researcher  
01488 658 298  
lois.p@efrc.com

**Claire Aspray.**  
Research Assistant  
01488 658 298  
Claire.a@efrc.com

# Participating Farms.

The participating farms are all certified and well established organic farms

**Grange Farm - Norfolk**

**Manor Farm - Norfolk**

**New Farm - Gloucestershire**

**Commonwork Farms - Kent**

**Hill Farmhouse - Somerset**

**Elm Farm Research Centre - Berkshire**

**Lower Pertwood Farm - Wiltshire**

**Rectory Farm - Gloucestershire**

**Struggs Hill Farm - Lincolnshire**

**Manor Farm - Leicestershire**

**Luddesdown Organic Farms - Kent**

**Path Hill Farm Cottage - Berkshire**

**Sheepdrove Organic Farm - Berkshire**

**Holme Lacy College - Hereford**

**Church Farm - Hereford**

**Ash Farm - Norfolk**

# Cereals Research at IOR-EFRC.

IOR – EFRC has had a cereal programme for many years. This programme includes a range of related disciplines and activities. We work with organic farmers to trial varieties and mixtures. We undertake on-farm plot variety and mixture trials and are actively involved in producing “varieties” that are suitable for organic production.
