

# Intercropping for Sustainability

## Research developments and their application

### VIRTUAL Zoom CONFERENCE 18-20 January 2021

GMT times!

Monday

18

- 10.00-10.10 Welcome and Introduction **Dr Alison Karley** The James Hutton Institute, UK
- 10.10-12.00 **SESSION 1** Invited Speaker **Dr Antoine Messéan** INRAE, France  
*The Crop Diversification Cluster of Horizon 2020 projects*  
Parallel Session 1A *Nutrient and Pest Management I*  
Parallel Session 1B *Intercropping for Yield Benefits*
- 14.00-16.00 **SESSION 2** Invited Speaker **Prof. John Vandermeer** University of Michigan, USA  
*Multispecies interactions in the pest control system of shade coffee in the Americas*  
Parallel Session 2A *Environmental Benefits and Ecosystem Services*  
Parallel Session 2B *Nutrient and Pest Management II*
- 18.00-20.00 **SESSION 3** Evening Poster Session I - Presentations within Breakout Rooms

Tuesday

19

- 10.00-10.10 Welcome and Introduction **Dr Jean-Noël Aubertot** INRAE, France
- 10.10-12.00 **SESSION 4** *Innovations and Tools* - Chair **Inger Bertelsen** SEGES, Denmark
- 14.00-16.00 **SESSION 5** Poster Session II - Presentations within Breakout Rooms
- 18.00-20.00 **SESSION 6** Evening Discussion Panel with farming practitioners, led by **Caroline Drummond** LEAF, UK

Wednesday

20

- 10.00-10.10 Welcome and Introduction **Dr Alison Karley** The James Hutton Institute, UK
- 10.10-12.00 **SESSION 7** Invited Speaker **Prof. Bernhard Schmid** University of Zürich, Switzerland  
*A post-Darwinian agriculture*  
Parallel Session 7A *New approaches to investigate intercropping mechanisms I*  
Parallel Session 7B *Species, varieties and sowing arrangements I*
- 14.00-14.10 Welcome and Introduction **Dr Charlotte Bickler** The Organic Research Centre, UK
- 14.10-16.00 **SESSION 8** Invited Speaker **Prof. Maria Finckh** University of Kassel, Germany  
*Intra- and interspecific diversity: the cornerstones of agroecological crop health management*  
Parallel Session 8A *Species, varieties and sowing arrangements II*  
Parallel Session 8B *New approaches to investigate intercropping mechanisms II*
- 16.30-17.30 **SESSION 9** Evening Film premiere and Closing remarks, led by **Alastair Simmons** Taskscape Associates, UK with **Dr Alison Karley** The James Hutton Institute, UK and **Dr Jean-Noël Aubertot** INRAE, France
